

Gratitude

Designer: Laura Nicholas

Laura's Tip: I used the [Fold-It Bows](#) template to make three matching bows to accent the torn seam of the papers. I've discovered it's easier to make identical bows with a template—this is hard to do with ribbon. I chose a tapestry-style patterned paper to give the bows the look of fabric.

Supplies:

- [Fold-It Ribbon Bows template](#)
- Vintage Busy Scrapper
- Cardmaker's Thank You Card Quotes
- white brads
- brown ink pad
- foam tape
- brown chalk

To Make the Folded Bows:

Trace and cut out four Claire bows from the tapestry paper. Begin folding on the left end, folding the end forward on the first fold line. Fold the end under on the next fold line. Repeat on the right end. Cut or punch a hole in the center for a white brad. Repeat with the other three bows.
