### TO MAKE ROSES:

1. Punch 14 small Pear shapes from the Garden Petals for each flower. Punch 3 sets of shapes for 3 roses in White Cardstock.
2. Place shapes on the Craft Molding Mat. Using the 8mm stylus, press down into the center of each shape as you move the tool in a circular motion over the entire shape. Paper will curl up around the stylus.
3. Center the tweezers, over the narrow end of each shape. With thumb and index finger, pinch the paper around the tweezers. This prepares petal for attaching to flower base.
4. Holding the pinched end between your finger and thumb, use the tweezers to grab each side of the shape and roll back to form petal.
5. Punch 1 Snowflake out of green cardstock and place on the craft molding mat. Hold the 5mm stylus at a 90 degree angle to the paper. Press down and roll the stylus around in the center to form a cup. This forms the flower base to attach petals and leaves.
6. Place a spot of glue on scrap paper or a non-stick craft mat. Dip the narrow end of 6 pears into glue and adhere to the cupped Snowflake arms. Continue with the next 6 pears offsetting them in between layers. The last 2 small pears curl inward to create the center. *Caution: Don't use glue on or over the Craft Molding Mat. It needs to stay clean and dry.*
7. Punch 8 Birch Leaf shapes from the green cardstock. Follow Step #2 above to prepare the shapes. Use the 1mm stylus to add thin veining details on each leaf.
8. Add color details to the leaves by lightly sponging green ink onto the leaves. Glue 2 leaves to flower to complete the Rose. See Bonnet assembly before gluing leaves.

### ASSEMBLE THE ROSE BONNET:

1. Cut one circle 5-3/8" diameter and one circle 3-3/8" diameter from yellow card stock.
2. Cut a strip 1" x 11" from same card stock. Glue ends together to create a 3" diameter circle.
3. Stamp pattern around circles with desired image and ink of your choice. Stamp green leaves over the scrolls. Allow to dry.
4. Center the 3" circle band over the 5-3/8" circle. Glue in place. Next, glue the 3-3/8" circle on top of the 1" band to complete the bonnet.
5. Add ribbon around the band and tie bow.
6. Glue one white Rose to the front of the bonnet over the band. Glue leaves around this flower. Glue second and third Roses to each side. Add leaves to the outer sides of these Roses.
