

## Peony Gift Tag Design by Sue Eldred for McGill Inc.

A special gift tag using dimensional paper Peony flowers to enhance and make it special..

**McGill Supplies Needed:** 64530 - Paper Blossoms Sm Geranium Leaf, 64532 - Paper Blossoms Geranium Leaf, 64531 - Paper Blossoms Med Highland Snowflake, 64535 - Paper Blossoms Highland Snowflake, 64534 - Paper Blossoms Grape Leaf, 65800 - Paper Blossoms Paper Tool Kit, 5900 - Paper Blossoms Craft Molding Mat and Pine Punch

### ASSEMBLY:

1. Punch 12 large and 12 small Geranium Leaf shapes. Edge each with an inkpad to add color.
2. Then shape, pinch and bend each petal.
3. Cup 2 large Highland Snowflakes to create flower bases. Each base will take 6 large petals.
4. Dip the end of each large petal in glue and attach to the cupped snowflake. Glue one base to the top of the second base, off-setting the petals between the 2 layers.
5. To create the Peony center (or bud): form small (1/2") Styrofoam ball. Glue small petals over the ball to cover it. Glue bottom of covered Styrofoam ball to the center of the layered Peony bases.
6. Continue to glue remaining small petals around the bud to fill in the flower.
7. Punch 2 Grape Leaves and shape. Use 1mm stylus to add veining details to the leaves and attach around the base to complete the flower.
8. Create a Peony bud following steps 5-7 and attach to a small Highland Snowflake base.
9. Attach the bud to a shaped Grape Leaf.
10. Use stock gift tag or create your own with cardstock. Decorate with patterned papers, photos, embellishments.
11. Use Peony with bud to decorate a gift tag.
