### McGill Supplies:

#### PAPER BLOSSOMS TOOLS:

64503 Floral Petals Punch  
64502 Birch Leaf Punch  
64500 Alpine Snowflake  
65800 Paper Tool Kit with Case  
65900 Craft Molding Mat

#### Stacking Series

97500 Stacking Snowflake

#### Additional Supplies:

Large white with glitter Ornament- min. 4" diameter. Or your choice.	1" White Satin Ribbon (2 ft.)
Fabri Tac (Beacon Adhesives)	Silver Jingle Bells (2)
White Cardstock	Small Foam Mounting Squares (Scrapbook Adhesives by 3L)
Diamond Glitter Glue (Ranger Industries)	Small Round Paintbrush
Adhesive Diamond Rhinestones (Mark Richards)	

#### FLORAL ROSE ASSEMBLY:

1. Punch Floral Petals 6 times with White Card stock. To create these smaller roses, discard the six largest petals.
2. Place the shapes on the Craft Molding Mat. Using the 8mm stylus, press down into the center of the shape as you move the tool in a circular motion over the entire paper shape. As you do this, the paper will curl up around the stylus.
3. Place the tweezers at the smaller, defined end of the shape. With your index finger and thumb, pinch the paper around the end of the tweezers.
4. Holding the pinched end between your finger and thumb, use the tweezers to grasp each side of the shape and roll back to form petal.
5. After all the petals have been shaped place them on the Craft Molding Mat and paint each petal with the diamond glitter glue. Allow to dry completely. *(Note: you can also paint the rose when fully assembled)*
6. Punch an Alpine Snowflake out of white card stock and place on the Craft Molding Mat. Hold the 8mm stylus at a 90 degree angle to the paper. Press down and roll the stylus around in the center to form a cup. This forms the flower base to attach petals and leaves.
7. Dip the narrow end of the first 6 large petals into glue and adhere to the cupped Snowflake arms. Continue with the next largest petals to the smallest offsetting them in between layers until you get to the center. The last 2-3 small petals curl inward to create the center. *Caution: Do not use glue on or over the Craft Molding Mat. It needs to stay clean and dry.*
8. Punch 2 Birch Leaf shapes from the white card stock. Shape the underside of each leaf. Follow step #2 above, then use the 1mm stylus to add thin veining details to the underside of each leaf.
9. Paint Diamond Glitter Glue onto the leaves. Allow glitter glue to dry completely and then glue leaves to rose.

#### Ornament Assembly:

1. Make 3 Floral Roses following technique at left and set aside.
2. Punch 12 large Alpine Snowflakes and 8 small Stacking Snowflakes. Create sturdy snowflakes by gluing two of the same size snowflakes together. You should have six large and four small snowflakes. Paint each snowflake with Diamond Glitter glue. Allow to dry completely.
3. To create dimensional snowflakes, Layer 1 large snowflake over the same size snowflake offsetting them slightly. Adhere with small foam mounting square. Do this for all of the snowflakes. You should have 3 large and 2 small layered snowflakes. Add diamond rhinestone to the center of each snowflake.
4. Glue Glittered White Roses around the ornament. Then add Snowflakes in a pleasing arrangement on the Ornament. Adhere with Fabri Tac glue.
5. Tie White Satin Ribbon on to ornament. Tie into Bow and attach Silver Jingle Bells to finish the Ornament.
