

One Stop Shoe Shop

By Glynis Clark

These gorgeous shiny shoes make very fashionable cards for the young at heart and as you get two shoes from one A4 piece of Mirri card they are quite economical.

MATERIALS REQUIRED:

Assorted A4 Mirri Card: MIRSC.

Selection of Gold Label Stickers and /or Gems.

Low Tack Tape or Masking Tape.

Plastic Scoring/Folding Tool: EAZ03.

Tracing Paper and Pencil.

Craft Knife or Scissors.

shoe and indent a line on the card. Cut the shoe out while still folded.

Decorate the shoes with stickers, gems, brads, feathers etc. Define the edges of the shoes with gold or silver narrow borders, I used XL632U which has several different styles of border on the sheet.

The main card (above) is decorated using pretty heart stickers ZL640U and ZL641U both in silver glitter (colour 52).

The purple shoe uses part of a clear glitter poinsettia ZL629U-82 as the main decoration and the blue shoe uses a silver glitter flower from ZL621U-52.

Of course, you can also change the heel height to reflect the current fashion for higher shoes as I have in the black shoe with larger gems as the main decoration (left). You will need to bring the front of the shoe down at a steeper angle too, giving it a lovely deep curve along the top edge.

TO MAKE THE CARD:

Score across the centre of the Mirri card and fold on the score line. Keep the back and front of the card together with low tack tape to make cutting out easier.

Trace the shoe shape from the diagram then place the tracing over the folded card with the back of the shoe lined up on the fold. Use the embossing tool or a pencil to re-trace the
