*For the largest selection of quilling and punch supplies.*

*This month's projects from the DT featuring the new CQ Monthly Kit..*

**Custom Quilling August Kit**

Many of the items included in this kit will only be available in kit format. The kit will also include a pattern from our new DT Sue, which will be emailed.

**We have a new DT!**

The CQ family would like to extend a warm welcome to Sue Custer. Sue is no stranger to Custom Quilling; a few issues back she was a Guest Design Team member. I am sure you agree her designs are outstanding! You can read more about Sue on page 4.

**Sue's Card**

With the two cards included in the kit, I decided to put them together to form a photo frame. I lined the larger card with some extra lavender cardstock for stability, then folding the oval aperture card to work as a frame I affixed it to the larger card. Using the Double Mates, Paper Pizazz and felt fusion to cover, decorate and add detail to the inside, your frame is almost complete. One hint I can give is to use brads and punch a hole through all layers at the right inside top and bottom of the frame at the fold, this makes the frame interchangeable. Photo corners inside hold the picture and the decorative fiber tied to the other side adds the finishing touch.

**Heidi's Ruffled Card**

Ingredients: August kit, 3 buttons, Mrs. Grossman's sticker lace, damask embossed cardstock, 2 sided tape, sticky dots

Tools: Paper trimmer, scissors con't on pg3

**Doreen's Butterfly Card:**

For this one I used every color from the kit and am currently writing the pattern for this butterfly, so it will be available soon! I finished it off with metallic embroidery in the corners

**Dark Purple Card:**

Ingredients: August kit, 2 sided tape, sticky dots, craft glue, crystal, white gel pen  
 Tools: Paper trimmer, border punch, scissors, embossing stylus, craft knife, flower hole punch, quilling tools

**Modern Card:**

Ingredients: August kit, 2 sided tape, sticky dots, craft glue  
 Tools: Paper trimmer, scissors, quilling tools, crimper

**Wildflower Card:**

Doreen

Wildflowers in Lavender and ribbon for the edging makes this card nice for almost any occasion

**Striped Card:**

This little square card is a simple yet effective design, using Sky Blue for flower and crimped borders, and the Soft Green for the leaves.

The butterflies are punched from the same striped paper.

**Memo Tag:**

I used the Double Mates two tone paper to cover the bottom of a large sturdy cardboard tag. On the top I used the striped Paper Pizzazz sheet, dividing the two with the satin ribbon. The felt fusion added drama down the side and of course I could not resist adding a bit of quilling into the spaces! Adding a small notepad, pencil, cork board, tacks and a magnet makes this project better than the answering machine...ok, at least prettier!! **NOTE:** After I was finished I realized I should have centered the notepad and cork so it would hang straight.

**Pool Gear:**

Relax'n by the pool gear came to me while at the craft store noticing all the bright colors of visors and fun foam items for summer. I selected a visor, can cooler and a purple foam sheet to make a bookmark. These items went very well with all of the quilling paper and ribbon that was left in the kit. This set is fancy but would be very cute done with some simple designs for kids' party favors.

*Sue Custer the newest Design Team member*

I must have been meant to quill because quilling sort of found me. As a child in the late 1960's or early 1970's my mom gave me a jewelry quilling kit for Christmas. I learned the basics of quilling with that kit, becoming hooked almost immediately. From there I branched out to flowers, making some small projects as gifts. Then in my early 20's I worked at a gift shop with a huge doll house section. The owner discovered the Quill Art kits for flowers and wicker furniture. One thing led to another, and then before I knew it, I was making up the kits for display in the shop. In return the shop owner would either pay me or let me order kits. I ordered kits, which was the start of my vintage quilling collection that was

not vintage at the time!

My family and I live just outside of St. Louis Missouri. I am married and together with my hubby we have three great girls along with two lazy dogs.

I am a member of the North American Quilling Guild. I enjoy all of the information there and at the Yahoo quiller's group.

Quilling allows me to give one of a kind heirlooms as gifts and a way to entertain my creative side. Teaching others about this unique art form and hopefully preserving quilling for yet another generation gives me much pride. My girls have all learned to quill, but I just cannot seem to teach the dogs!

Here are Sue's designs from May 2006 as a Guest DT:

Why not tell your quilling story?

**Heidi**

Purple Mania! If you like all things purple, here is your kit. I found everything perfectly matched. I love the neon green quilling strips, the velvet flower border sticker, and the fun ribbons. I found the whole collection very fresh and vibrant.

**Sue**

The August kit was such a great kit to start off with for me! Purple is my very most favorite color. The felt fusion designs are fun to work with and add lots of dimension to a project. With the Double Mates cardstock and the two sheets of Paper Pizazz there is so much versatility you could play for hours just coming up with combinations. That combination doesn't even include all of the ribbons and fibers that are in the kit also....I definitely had fun designing with this kit!

**Doreen**

I just loved the colors in this month's kit and found that the paper seemed to roll more easily than usual for me, holding very nice coils. Denise, thanks for putting together such a fun kit!

*CQ Updates*

- ⌘ CQ is starting a new referral discount program. For each new customer referred (must be new or never placed an order) you will both receive a store credit for 5% of the order. Just have the new customer type your name in the comment sections of checkout and the discount will be emailed to both!
- ⌘ When checking out with PayPal Express using a discount code, **PLEASE** continue to the last page where you can enter the code.
- ⌘ CQ has a list for quillers to meet other quillers in their area; check it out under Quilling Information ... Quilling Friends. Who knows? You may find a new quilling buddy!
- ⌘ The CQ Monthly kits are also available by autoship; please contact us for more information.

**Tip from Sue:** When removing the backing on the felt fusions, have a bit of water and a large pin handy to help unstick it. Dip the pin into the water wetting it lightly, then turn the felt fusion face down on a table. Use the damp pin to hold the felt down while gently lifting off the backing. You will have to rewet and reposition the pin as you move forward, just go slowly!
